PROBLEM STATEMENT

Many professionals lack an organized way to showcase their work.

Traditional resumes cannot fully demonstrate skills, projects, and creativity.

Need for an online personal portfolio that highlights achievements in an interactive manner.

PROJECT OVERVIEW

The project is about creating a personal portfolio website to showcase academic background, skills, and projects.

It provides a professional online presence for students, job seekers, freelancers, and professionals.

The website is designed to be responsive and user-friendly, accessible across devices.

WHO ARE THE END USERS?

Students to showcase academic projects, achievements, and skills.

Job Seekers to present their resume, experience, and projects to recruiters.

Freelancers to attract clients by displaying completed works and expertise.

Professionals to maintain an online presence and highlight career growth.

TOOLS AND TECHNIQUES

Bootstrap / Tailwind CSS (for responsive design)

React.js / Angular (for interactive components)

Backend (Optional):

Node.js / Express.js

Database (Optional):

MongoDB / MySQL

Version Control & Deployment:

Git & GitHub (repository and hosting)

GitHub Pages / Netlify

POTFOLIO DESIGN AND LAYOUT

Home Page

Brief introduction and tagline

Navigation to other sections

About Me

Personal details, education, and background

Career goals and interests

Skills

Technical and soft skills visualization

Projects Section

Showcase completed projects with descriptions es, and GitHub links

FEATURES AND FUNCTIONALITY

Works seamlessly on desktops, tablets, and mobiles

Interactive User Interface

Smooth navigation, animations, and hover effects

Project Showcase

Organized project gallery with images, descriptions & GitHub links

E

Contact Form Integration

Easy communication with recruiters/clients

Social Media & GitHub Integration

Direct links to 'inkedin, GitHub, and other platfo

RESULTS AND SCREENSHOTS

CONCLUSION

The personal portfolio website provides a professional online presence.

Helps in showcasing projects, skills, and achievements effectively.

Acts as a digital resume/portfolio for students, job seekers, freelancers, and professionals.

Designed with a responsive and user-friendly layout accessible across devices.

Enhances career opportunities by making it easier for recruiters and clients to discover your work.
